

INTERNATIONAL VIRTUAL INCUBATOR

Violeta Šugar, PhD, Associate Professor,
Faculty of Economics and Tourism „Dr. Mijo
Mirković”

THE INTERNATIONAL VIRTUAL INCUBATOR

The virtual Incubator is developed based on an un-course approach to learning.

The virtual Incubator is a platform that facilitates planning the venture creation by vigorously activating its participants to look for opportunities, inspiration, tools and networking

As a virtual platform, it enables student entrepreneurs from any place, collaborate, work jointly and getting more acquainted with peers around the world, hence, expanding their networking. It's an amazing opportunity of an innovative learning experience with people around the world.
